Tell us your views

1) Do you support the use of a jobs-led approach to looking at the borough’s future growth needs?  □ Yes  □ No
If not, what approach would you like to see taken?

2) What do you think the average number of jobs created in the borough each year to 2030 will be?
(Please mark the appropriate box)

-200  201-400  401-600  601-800  801+

Please explain why

3) Are there any sectors of the borough’s economy that you feel are likely to grow faster, or slower, than the average for South-East England?
4) Do you think the rate at which people moved to the borough to live in recent years, will decrease, remain similar, or increase in future? (Please select one option).

☐ Decrease    ☐ Remain similar    ☐ Increase

Please enter any additional comments

5) Do you think residents of the borough will be more or less likely to work outside the borough in future?

6) What do you think will be the impacts on the need for jobs and homes in the borough as more people retire later, live in single-person households and live for longer?
